Protecting the Environment

Constantly working with our suppliers to maximise the use of recycled materials - with the ultimate aim of becoming carbon neutral.

For our full Environmental policy please visit www.roman-showers.com

ROMAN HAS **THREE** CORE ENVIRONMENTAL OBJECTIVES:

1. Reduce energy consumed as a direct proportion of business activity
2. Increase the proportion of recycled waste
3. Reduce and if possible eliminate any harmful emissions, discharges or pollutants generated by the business activity.

CARBON TRUST PAS 2060 CARBON NEUTRAL
*Manufacturing Headquarters, Durham

We worked with the Carbon Trust during 2021 in accordance with ISO 14064-3, and we are incredibly proud Roman met the requirements under PAS 2060 after our emissions and operations at our headquarters in County Durham were certified as carbon neutral.

Carbon CO₂

Vehicles are being updated to Hybrid or full electric (CO$_2$ emissions between 0-49 kgs per km) throughout the course of the next 2 years. All other vehicles are Euro 6 compliant.

Within our company car fleet we have 7 Hybrid vehicles and one full electric, we have invested heavily in electric point charging at our head office.

Overall company CO$_2$ reduction since 2016 is 40%.

HAVEN8

900 × 900mm Quadrant - **H4SQ9CS** | Roman Low Level Tray - **RLQ90**

One Door Quadrant

This One Door Quadrant is an ideal showering solution when side entry is more practical for the smaller bathroom. The high quality thick glass bows out to create an expansive 900mm usable space on the 800 × 800mm model and 1000mm of space on the 900 × 900mm version.

GLASS **HEIGHT**	1950 mm
GLASS **THICKNESS**	8 mm

SPECIFICATIONS:

- Chromed brass handle
- Bright Silver frame
- 'Minimal' low profile seals

- Smooth running 'quick release' roller bearings
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

900 × 1200mm Quadrant - **H4SQ912CS**
Roman Low Level Tray - **RLQ129L** (Left Hand)

Code	Description	Size (mm)	Aperture (mm)	Adjustment (mm)
H4SQ8CS	One Door Quadrant	800 × 800	425	750 - 775
H4SQ9CS	One Door Quadrant	900 × 900	525	850 - 875
H4SQ89CS	One Door Offset Quadrant	800 × 900	425	750 - 775 & 850 - 875
H4SQ810CS	One Door Offset Quadrant	800 × 1000	425	750 - 775 & 950 - 975
H4SQ812CS	One Door Offset Quadrant	800 × 1200	425	750 - 775 & 1150 - 1175
H4SQ912CS	One Door Offset Quadrant	900 × 1200	525	850 - 875 & 1150 - 1175

For full list of tray sizes and options see pages 62 - 65

N.B. Offset size enclosures - door always sits on curved / short edge of tray as illustrated.

Two Door Quadrant

GLASS **HEIGHT**	1950 mm
GLASS **THICKNESS**	8 mm

This Quadrant features two sliding doors, which are an intelligent space saving tactic as they allow easy access to the centre of the curve. The contemporary two doors are ideal when space is at a premium as they do not project out into the room or into the showering space.

SPECIFICATIONS:

- Chromed brass handles
- Bright Silver frame
- 'Minimal' low profile seals
- Smooth running 'quick release' roller bearings
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

Code	Description	Size (mm)	Aperture (mm)	Adjustment (mm)
H4Q8CS	Two Door Quadrant	800 x 800	330	750 - 775
H4Q9CS	Two Door Quadrant	900 x 900	500	850 - 875
H4Q89CS	Two Door Offset Quadrant	800 x 900	420	750 - 775 & 850 - 875
H4Q810CS	Two Door Offset Quadrant	800 x 1000	420	750 - 775 & 950 - 975
H4Q812CS	Two Door Offset Quadrant	800 x 1200	420	750 - 775 & 1150 - 1175
H4Q912CS	Two Door Offset Quadrant	900 x 1200	510	850 - 875 & 1150 - 1175

For full list of tray sizes and options see pages 62 - 65

N.B. Offset size enclosures - door always sits on curved / short edge of tray as illustrated.

800mm Bi-Fold Door - **H4B8CS** | Roman Low Level Tray - **RLT80**

Bi-Fold Door

The in-fold design of the Bi-Fold Door allows more usable space and minimal intrusion into the bathroom area. It is both practical and stylish, ideal for use in smaller bathrooms or where there may be obstructions outside the showering area, which need to be avoided.

SPECIFICATIONS:

- Chromed brass hinges and handle
- Bright Silver frame
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

1200mm Bi-Fold Door - **H4B12CS** | 800mm Side Panel - **H4R8CS**
Roman Low Level Tray - **RLT128**

Code	Size (mm)	Aperture (mm)	Adjustment (mm) Alcove Fitting	Adjustment (mm) With Side Panel
H4B76CS	760	460	700 - 750	717 - 767
H4B8CS	800	500	740 - 790	757 - 807
H4B9CS	900	600	840 - 890	857 - 907
H4B10CS	1000	700	940 - 990	957 - 1007
H4B12CS	1200	900	1140 - 1190	1157 - 1207

N.B. 1000 and 1200 door options are one piece fully framed.
For full list of tray sizes and options see pages 62 - 65
For Side Panel and In-Line Panel information see page 16 - 17

1000 Pivot Door - **H4P10CS**

Pivot Door

GLASS **HEIGHT** 1950 mm

GLASS **THICKNESS** 8 mm

A stylish addition to any bathroom. The simplicity of the Pivot Door creates a supremely efficient space saving solution. The outward opening door takes up minimal external space due to the positioning of the hinge point, which allows for other bathroom fixtures and fittings.

SPECIFICATIONS:

- Chromed brass hinges and handle
- Bright Silver frame
- 'Minimal' low profile seals

- Pivot door must be hinged from the wall
- 25mm vertical adjustment in each profile
- Reversible for left or right hand fixing

1000mm Pivot Door - **H4P10CS** | 800mm Side Panel - **H4R8CS**

Code	Size (mm)	Aperture (mm)	Adjustment (mm) Alcove Fitting	Adjustment (mm) With Side Panel

Not recommended when using ultra-low level shower trays to simulate a wet room environment

For Side Panel and In-Line Panel information see page 32 - 33

1700mm Level Access Sliding Door - H3LEL17CS (Left Hand)

HAVEN6

Corner Entry

The Corner Entry enclosure is an ideal showering solution for when entry through the diagonal is more practical, but without the compromise on showering space. The Corner Entry is available in a range of sizing options, including offset versions.

SPECIFICATIONS:

- PVC / magnetic seals
- Chromed brass bolt through handles
- Chromed plastic top caps

- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail allows quick cleaning
- Reversible for left or right hand fixing

760mm Corner Entry - **H3C76CS** | Roman Low Level Tray - **RLT76**

HAVEN6
BLACK FRAME

Pivot Door

GLASS **THICKNESS** ⊬ 6 mm

The modern styling of this outward opening Pivot Door creates a supremely efficient and flexible solution to suit any number of showering configurations. The carefully engineered door cleverly takes up less external space when opened to allow for other bathroom fixtures and fittings.

The black frame is anodised and then sandblasted for exceptional durability, scratch resistance and a smooth finish

SPECIFICATIONS:

- Watertight magnetic seals
- Black bolt through handle
- Black plastic top caps

- Smooth operation hinges with chromed plastic cover caps
- Reversible for left or right hand fixing

Sliding Door

The stylish sliding doors glide effortlessly on the single unobtrusive top rail and the 'quick release' mechanism featured on the bottom rail makes cleaning a simple task. It is an ideal solution when space is at a premium as the sliding doors do not project out into the bathroom.

The black frame is anodised and then sandblasted for exceptional durability, scratch resistance and a smooth finish

SPECIFICATIONS:

- PVC / magnetic seals
- Black bolt through handle
- Black plastic top caps

- Smooth running bearing assemblies in the top and bottom rails
- 'Quick release bearings' in the bottom rail
- Reversible for left or right hand fixing

Wetroom Brace Kits

There are a number of different styles of bracing bars, which can be used with 8mm and 10mm glass thicknesses. We offer all configurations that may be required and they can be cut and trimmed to the size required during installation to allow maximum flexibility and use of space. Bracing kits are used to provide added support for the glass and ensure that it is securely fitted in place. Our Square brace bars are now available in Black, Chrome, Brushed Nickel or Brushed Brass.

CARBON TRUST
PAS 2060
CARBON NEUTRAL
*Manufacturing Headquarters, Durham

Roman has a huge commitment throughout the business to environmental targets, recycling, sustainable materials and sustainable business practices. As British manufacturers, Roman are increasingly focussed on environmental credentials and have a strong focus on the Circular Economy - with the ultimate aim of becoming carbon neutral. Every piece of aluminium is already 100% recycled before use, and all packaging is 100% recyclable before and after use. The benefit of working with solid surface material is any waste can be reground into the original material.

Roman is constantly working with our suppliers to maximise the use of recycled materials. The principles of the circular economy are embedded in all of our design and purchasing policies and plans. All Roman's aluminium and packaging is manufactured using 100% recycled material before we use it in our manufacturing process. All other materials used in the manufacturing of our products are also at high levels of recycled material. Our packaging is fully environmentally friendly with no wood or polystyrene used and is therefore itself 100% recyclable.

Matt White Tray with Chrome plated domed waste

Anti-Slip Trays

MADE IN BRITAIN
TRUELIFE LIFETIME GUARANTEE
ROMAN STONE
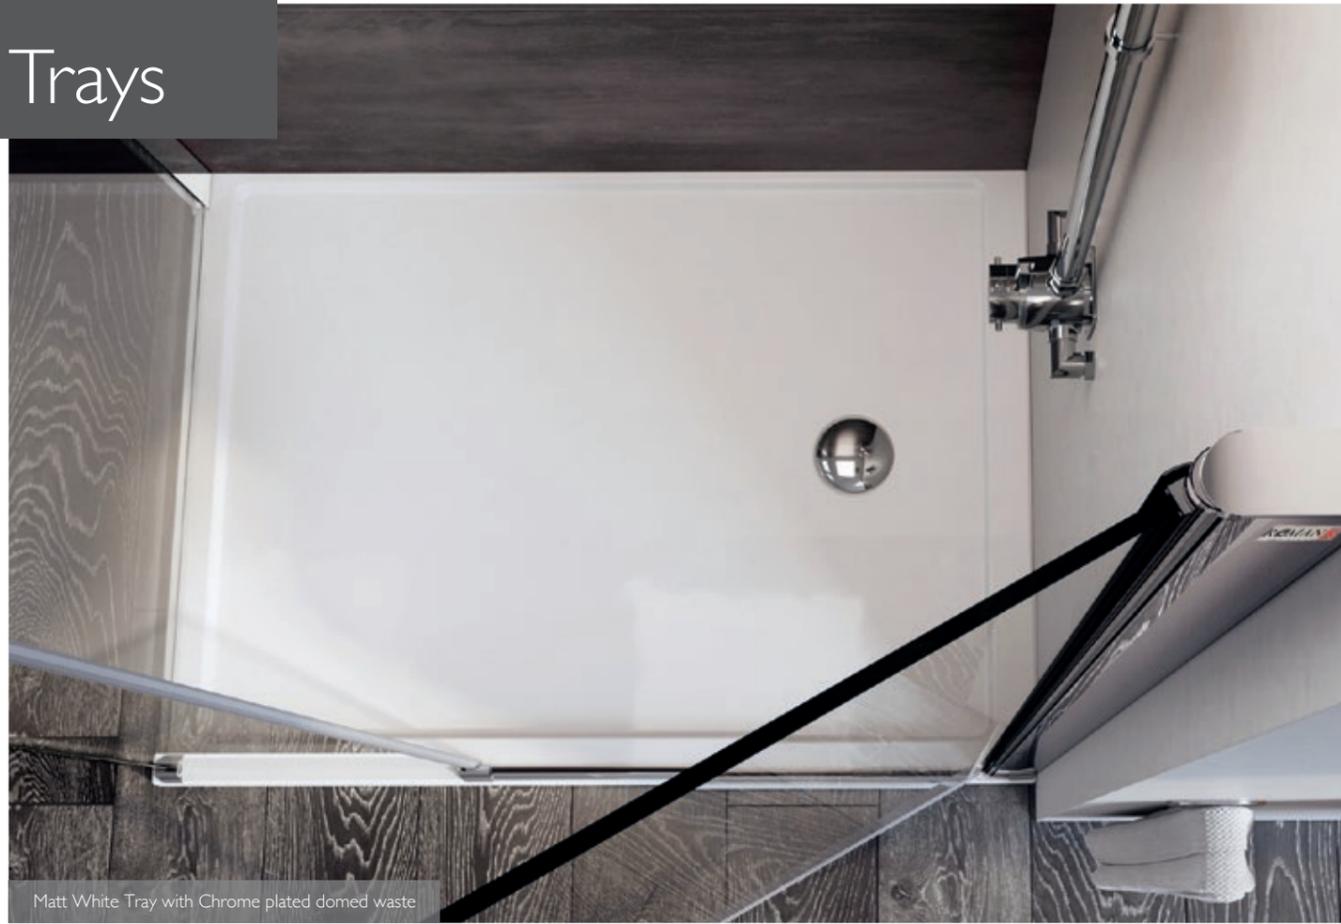

Our collection of Solid Surface Anti Slip Shower Trays offers a stylish finish, with a domed aluminium waste cover. The low profile trays are self-reinforcing so can be laid directly down to joists and then tiled up to, achieving a level access wetroom look. They are available in matt white or grey which has been approved for Anti-Slip properties. For volume orders we can accommodate a variety of colour finishes and sizes to your specification, including stone effect finishes to coordinate your bathroom design.

Low Level Acrylic Capped Stone Trays

In its diverse range of footprints and gloss finish, the Roman Tray range perfectly complements our diverse range of shower enclosures to deliver something truly stunning and unique for every installation. The power shower approved, easy clean, 90mm rapid drain outlet works with the sleek lines of the tray, allowing up to 36 litres of water to be carried away per minute. Incorporating a 40mm profile, the Roman Tray when installed offers a small step into the shower enclosure. Manufactured from composite resin capped acrylic it is easy to install as it offers the option of flat to floor or raised on legs installation.

ULTRA CARE BY ROMAN

The Ultimate Bathroom Protector on glass

All Roman's enclosures and bath screens are pre-coated with Roman Ultra Care, our own unique glass protection system. Pre-coated glass protection systems will always diminish in their effectiveness over time, depending on how often the shower is used and how often it is cleaned. Unlike other systems, Roman Ultra Care in a bottle can be used in tandem with the pre-coat to build up the effectiveness and make it stronger the more you clean.

Roman Ultra Care is an award winning bathroom protector and has a 10 year track record for successfully protecting Roman's extensive product range. When applied to the glass of an enclosure or bath screen it creates a chemical barrier which provides protection against the build-up of grime, limescale and stains. The protective barrier means water glides off the glass with ease. This results in the protected surface remaining easy to clean by simply applying a mild detergent and wiping with a damp cloth or using a Roman Shower Blade.

By topping up the glass protection system with Roman Ultra Care in a bottle every time you clean, you can significantly reduce the amount of time required to clean your enclosure and bathroom surfaces. Most importantly, you can considerably prolong the life of your Roman product and at the same time do your bit for the environment by eliminating the use of harsh and damaging cleaning products.

Consumer Guide

Roman shower enclosures have been tested and fully conform to the scope and relevant characteristics of BS EN14428:2015 (Shower Enclosures - Functional requirements and test methods), to meet the requirements of the mandate given under the EU Construction Product Directive (89/106/EEC).

As a result of full compliance to the directive and harmonized standard; Roman shower enclosures carry the 'CE' mark and are accompanied by a declaration of performance. (Available to view on www.roman-showers.com)

The CE marking indicates Roman shower enclosures conform to all essential requirements of European health and safety and environmental protection legislation. The conformity is mandatory, and allows Roman products to be legally placed on the market anywhere in the European Economic Area.

As per government guidelines Roman are actively preparing to apply the new UK CA Mark for any newly manufactured products from 1st January 2021. The UKCA (UK Conformity Assessed) marking is a new UK product marking that will be used for goods being placed on the market in Great Britain (England, Wales and Scotland). It covers most goods which previously required the CE marking.

Additionally all Roman trays fully conform to EN14527:2016.

TRUELIFE LIFETIME GUARANTEE

Make cleaning your bathroom easy with our

Shower, Tile & Bath Restoration and Maintenance Kit

The ultimate bathroom cleaning and restoration kit, to bring sparkle back to your bathroom. The Roman Cleaning Kit is a three stage kit which will give you bathroom a deep cleanse, treat the surfaces and provide on-going protection, whilst also being kind to the environment:

- Restore discoloured glass and maintain the sparkle of your bathroom

- Clean and protect your shower in minutes

- Eliminates hard water and soap scum build-up

For details of your nearest stockist please contact Roman Customer Relations on 01325 328033 or buy online at **www.romanathome.com**

Kit Code: RUC14

3 Step System includes:

ULTRA SCRUB
Surface Stain Cleanser

Designed to effectively and easily clean your bathroom surfaces, including Glass, Porcelain, Ceramics and other hard surfaces. Developed to remove the build-up of minerals, rust, soaps, oils and limescale but without damaging the surface.

ULTRA SHIELD
Glass and Surface Treatment

Formulated to clean and protect. Ultra Shield can be used on your bathroom surfaces to create a water, soil and stain repellent barrier coating which prevents water, soil and grime from sticking for easier cleaning. This barrier is renewed with each use.

ULTRA CARE
Glass & Surface Protector

For a long lasting sparkle on bathroom and shower surfaces. Ultra Care is the ultimate surface protector that repels the build-up. Also available in large bottle for ongoing aftercare.

Important Product Details

- Haven Enclosures and Bath Screens carry a lifetime manufacturer's guarantee if products are installed according to the installation instructions - see guarantee criteria to the right.
- Simple and clear installation instructions are included with all Haven Products.
- Any guarantee variations are indicated separately.
- All Haven Enclosures and Bath Screens are manufactured using toughened safety glass which complies to BSEN12150.
- All Haven Enclosures and Bath Screens are tested in accordance with BSEN14428 - Shower enclosures, functional requirements and test methods.
- Roman's toughened glass is completely safe for use in our shower enclosures and bath screens; providing our products are installed according to our guidelines.
- It is important to note, that the glass must not be mounted or 'pinched' in such a way that would cause a stress point to develop in the glass. In addition, it must not be subjected to any sharp impact or severe temperature fluctuation which may also cause a stress point to develop in the glass.
- Roman's toughened glass is physically and thermally significantly stronger than standard glass. However a significant impact (or stress as outlined above) can cause toughened glass to break. In the event of breakage, toughened glass will break safely into small fragments in line with all relevant standards.
- All heights quoted for Enclosures and Bath Screens are from the top of the shower tray or bath.
- All fixings are hidden on Haven products.
- The term "Silver" describes the colour of the aluminium finish. No silver metal is included in any Haven products.
- All fixings and pivot pins are manufactured from stainless steel - this adds great strength and durability to Haven products.
- All seals and gaskets on Haven products are manufactured from colourless PVC.
- Haven over-bath products are not designed for baths with shaped or stepped fronts or integral soap dishes.
- The design rights of these products are owned by Roman Limited. All rights reserved.
- Roman recommends only the use of Roman Trays with Roman Shower Enclosures.
- For compatibility of Haven Enclosures with steam generators please contact Roman Customer Relations for advice on: +44 (0) 1325 328 033.
- Roman Ultra Care pre-coat must be maintained by applying Ultra Care from a bottle on an ongoing basis as it will naturally diminish over time.
- Due to the nature of the Haven Wetroom Panel products, water integrity cannot be guaranteed. Please consult your installer.

Guarantee

Roman Ltd. guarantees all Haven Shower Enclosures and Bath Screens and Roman solid surface trays against faulty materials or manufacture for LIFE, provided they have been installed, used and maintained in accordance with our instructions.

All Roman product guarantees must be completed and returned within 60 days of purchase to validate the relevant guarantee. Failure to meet this deadline will result in a statutory 1 year guarantee on all products.

Should a claim arise Roman Ltd. Customer Relations will investigate the issue. As part of this investigation we request that the following conditions be satisfied:
1. Proof of purchase at the time of the claim.
2. The guarantee applies to the original purchaser only and is non transferable.
3. The product has been fitted / installed in accordance with Haven fixing instructions, local bylaws and general good plumbing practice.
4. The product has been maintained and cared for in accordance with our instructions (including regular and appropriate cleaning).

If in our opinion the product has been modified, misused, neglected, wilfully or accidentally damaged, we can accept no responsibility for failure.

Roman Ltd. or its representatives must be given the opportunity to inspect the product in the installed condition. Callouts may be chargeable depending upon circumstances.

Should any products included in the Lifetime guarantee be used for commercial use i.e. leisure clubs, schools, hospitals, student accommodation, hotels or residential homes, only a 5 year guarantee will be applicable.

If in our opinion the product fails due to faulty materials or manufacture and that the conditions above have been met, Roman Ltd. will arrange for a specialist Roman Technical Sales Representative to repair or replace that item at our option.

Roman Ltd. believes in continuous improvement. If in our opinion the product has failed under the terms of the Guarantee and a replacement is offered but identical goods are no longer available, Roman Ltd will endeavour to replace it with our nearest equivalent product. For countries outside of the UK and Republic of Ireland, where a product has failed due to faulty materials or manufacture, a replacement product or product part will be offered only.

Should Roman Ltd carry out work as a result of a claim but subsequently it is revealed that the product has been abused or improperly installed, we reserve the right to charge the customer for the expense incurred.

The liability of Roman Ltd. is limited to the product supplied by Roman Ltd. and does not extend to consequential loss or damage arising from the defective product.

This Guarantee, which is effective for products purchased after July 1st 2008, states our entire liability and is offered to customers acquiring our products as consumers, not in the course of trade or business. Ex displays or products reinstalled from their original position are not covered under this guarantee.

Non glass or metallic parts (e.g. seals) are subject to normal wear and tear through usage and are therefore covered on all products for 1 year from installation.

Roman Ultra Care pre-coat is not covered by this guarantee and it must be maintained by applying Ultra Care from a bottle on an ongoing basis.

Haven products not included in the Lifetime Guarantee includes the Roman Acrylic Capped Trays which are covered for one year.

This Guarantee does not affect your statutory rights. This Guarantee is wholly applicable in the U.K. and Republic of Ireland – export conditions as indicated.
