## Bathroom collections inspired by our passion for Italian design and flair

Tissino is a premium brand of stylish and contemporary bathroom products, with an extensive range of designs from brassware to furniture. Our passion for creating beautiful bathroom spaces ensures we are committed to excellence in quality, performance and innovation.

We've grown from a small family-run company in the Cheshire countryside to a widely recognised choice for premium bathrooms. Those family values remain at the core of what we do, with an amazing customer service team and highly valued relationships with boutique showrooms and retailers.

Manufactured with trusted partners, we go to great lengths to ensure the highest quality product with beautiful design. With rigorous performance testing and ease of installation, our products are meticulously crafted for customers to enjoy for many years to come.

# Bathing Collection

As probably the largest single item in the bathroom, a bath has a key role to play in the overall visual effect. Tissino baths are designed to exude style and elegance despite their size, ensuring that this bathroom centrepiece complements the rest of the furniture perfectly.

Luxury and comfort are also important, and our baths are designed to welcome those who love an indulgent soak. A range of beautiful bath screens add further functionality where required, with the high quality glass helping to keep water at bay.

# Matera

Inspired by the renewal and renaissance of the culturally rich city in Southern Italy, *Matera* features exciting soft squared edges that will create a contemporary statement in the bathroom. With reduced capacity and dropped height for easy access, *Matera* represents the very best of modern bathing.

- / Manufactured using high grade acrylic
- / Pre-fitted recessed, pop-up white waste & neutral overflow
- / Statement soft squared design

See inside cover for product features key

*Matera* is crafted using high quality acrylic with a naturally warm-touch surface, and features a simplistic overflow design, making it versatile in your space and complementing a variety of brassware.

### NO MORE UNSIGHTLY BATH PANELS

A unique fixing system holds the panels tightly together in the corners to create a finish that is aesthetically pleasing. Various sizes are available that will fit all of our Tissino baths.

The Perma Bianco finish ensures that bath panels stay white and will not discolour over time, even if exposed to sunlight.

**Premium Option**  
Even stronger and warmer for longer

# Perma Bianco

Perma Bianco bath panels are manufactured using a pliant acrylic and are an innovation that overcomes unsightly discolouration in bath panels. Our Tissino premium panels include a wooden core and a layer of resin reinforcement, this provides a highly robust rigid bath panel that is flat and will always maintain its beautiful finish. The acrylic runs right around the edges of the panel to allow for trimming if necessary.

# Lorenzo

Our Lorenzo collection of elegant baths brings a sense of effortless ease and comfort into the bathroom. Designed around simple square forms, and available in a range of different configurations to suit a variety of room designs, the Lorenzo baths represent the ultimate in indulgent bathing.

All baths in the collection are manufactured from high quality acrylic with a naturally warm-touch surface – so there's no need to fear dipping into the depths, even on the coldest mornings. If you like to add a little aromatic fragrance to the water, go ahead, as the easy clean surface is safe for bath salts and oils. It's slip resistant too for added confidence and peace of mind.

# Londra

There are two differently sized baths in the Londra collection, both manufactured from premium grade acrylic with its characteristically warm-to-the-touch comfort and seductive sculptural form.

The baths are double ended for flexibility, and have been designed to maximise the internal bathing space with slim rims and plenty of room. Not that the slimline features make for a lack of strength, these are sturdy baths designed for both function and comfort.

## Double Ended Bath | LONDRA

See inside cover for product features key

Design ingenuity lies at the heart of the Londra premium double ended bath. The bath is built to maximise internal bathing space, with the slimmest rims achievable allowing for long, luxurious bathing – or a quick wash down if time is tight.

The top grade acrylic is strengthened by a robust and rigid supporting system, while efficient insulation helps keep temperatures from dipping.

Available in two size options, the bath is supplied without tap holes, allowing for installation in a range of bathroom locations. As with all Tissino bathroom products, a 10 year guarantee helps add additional peace of mind to the pleasure of beautiful design.

# Messina

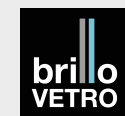

The Messina Series of bath screens are supplied in 6mm glass thickness and are protected with the unique Brillo Vetro coating to ensure resistance against soap deposits and aid easy cleaning.

The single and double panel versions feature a rise and fall hinge allowing the seal to lift on and off the bath rim to prevent wear and ensure a tight seal. Messina screens are tested to EN14428 and include high quality die cast chromed hinges.

- / 6mm Brillo Vetro glass
- / 1500mm high
- / 20mm fitting adjustment
- / Tested to EN14428
- / 6mm features a rise & fall hinge that allows the seal to lift on & off the bath rim to prevent wear & ensure a tight seal

See inside cover for product features key

Brillo Vetro is an additional process that our glass is subjected to, which enhances its technical performances and maintains its condition by making it easier to clean, resisting the build up of soap and water deposits. If cleaned regularly, the shower will stay looking like new for many years.

/ Messina Single Panel Rectangular Bath Screen

Bathrooms come in a variety of styles and layouts, so the Messina collection includes a range of sizes and formats. Whether you choose a simple single panel screen or a hinged double panel version – with either a square or curved corner – the Tissino commitment to quality is always the same. Tight seals keep water under control, while a 20mm fitting adjustment helps make sure that installation goes smoothly.

High quality glass is a must for an effective bath screen, and all the products in the Messina collection feature specially manufactured glass sheets of proven strength and safety. With such good-looking glass, the protective Brillo Vetro coating adds further enhancement, resisting the build up of soap deposits and making the screen easy to keep clean.

The quality of materials and manufacturing is a given with all Tissino products, and the 10 year guarantee that accompanies every Messina bath screen ensures peace of mind for a long time to come. With superb performance and stunning aesthetics, the Messina collection reflects the very best in Italian inspired design.

# Giorgio

When it comes to taking a refreshing shower, it's easy for the elegance and beauty of the shower fitting to attract all the attention. However, it's important to remember that a perfectly performing shower is about much more than simply the source of the water. What lies underfoot is just as important, and is crucial to the continuing daily pleasures that a good shower can deliver.

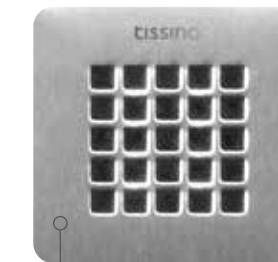

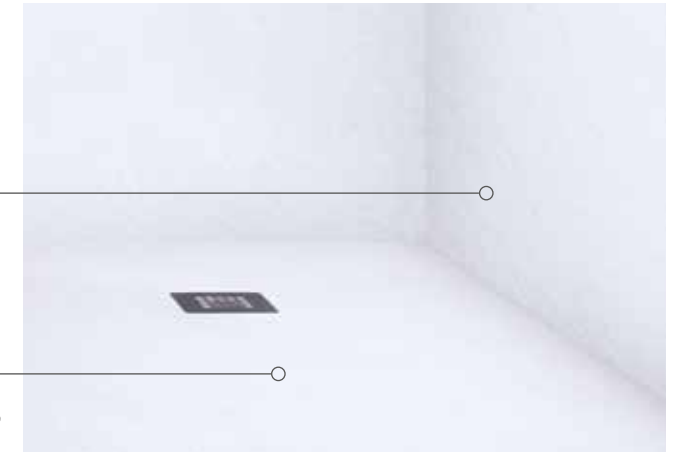

Our Giorgio collection of high quality shower trays and wall panels are designed to combine immaculate good looks with durable, long-lasting performance. Manufactured using hard-wearing stone resin, all our Giorgio shower trays feature an exquisite stone surface protected by a unique gel finish. They are naturally slip resistant – very important in such a potentially hazardous environment – and comfortable too.

Giorgio shower trays are available in a range of neutral colours – either black, graphite, grey, and white slate effect. A wide range of sizes are available, allowing for the product to be matched perfectly with the room dimensions. Each Giorgio2 shower tray also includes a 100mm border that can be trimmed away if necessary in order to accommodate obstructions or off-square walls.

Whichever stylish colour you choose, your Giorgio shower tray will provide many years of comfort, strength and practicality, all inspired by the same qualities of Italian design flair that can be seen and admired throughout our Tissino collections.

# Brassware Collection

The delivery of water is the fundamental function of any bathroom, and Tissino takes care to ensure this basic task is carried out with style and elegance. Good looks and superb performance apply across the board, even down to the waste fittings and overflows, bathroom beauty is never compromised.

From basin mono taps in a variety of luxurious finishes to mixer taps, bath sets, shower heads and shower arms, this is brassware of the very highest quality.

<b>Parina</b> Minimal basin / bath fillers, shower brassware and basin wastes	56
<b>Bavera</b> Modern basin fillers	70
<b>Savena</b> Modern basin fillers	72
<b>Elvo</b> Square design basin fillers and shower brassware	74
<b>Pacato</b> Sleek basin / bath fillers	80
<b>Ezio</b> Freestanding Bath Tap	82
<b>Alek</b> Stylish bath fillers and waste	84
<b>Mario</b> Shower brassware	86

# Parina

Grand gestures are made up of smaller details, and luxurious bathrooms are achieved through conscious design decisions. Products from the Parina collection work harmoniously with other items in the bathroom, bringing both form and function to the space.

Ceramic discs ensure superior operation and longevity

Minimalist design brings a real sense of refinement to any bathroom

The Parina collection brings a real sense of refinement and elegance to the bathroom from slim, high spout taps to concealed basin mixers and bath sets in a range of styles. Thermostatic shower valves are also available, featuring exquisite round handles that are a pleasure to operate.

Available in two contemporary finishes, the collection is designed to complement bathrooms in a bold yet understated way.

Our Parina collection may exhibit high quality minimalist design, but there's nothing minimal about the choices available throughout the range.

# Bavera

Designed around a smooth cylindrical tap post, each Bavera mono tap features a soft square spout and a designer handle.

There are two tap styles available in the collection – a standard fitting in a choice of gleaming chrome or stylish matt black, or a high spout option with a taller, slender profile.

The Bavera range is inspired by the very best in Italian design and whatever option you choose it will add an extra touch of elegance.

## Seats

Choose between two seat designs – the wrapover or the slimline. With lids designed to fully cover the seat, the wrapover seat offers a clean look and works well paired with close coupled models where the cistern sits directly behind the toilet bowl.

Alternatively, the slimline seat is an ideal companion for back to wall pans for a more minimal overall look.

# Velino

Our Velino collection fuses freedom and elegance with the very best in cool, minimal design to create a range that brings real panache to the bathroom.

Consisting of three exquisitely curved rimless WC pans, the Velino collection transforms the item's essential form and function into objects of sculptural beauty. Select from the standard pan, the short projection option or a back to wall pan. Benefit from the enhanced sense of space that comes with a wall hung design.

These rimless pans also make for easier cleaning, reducing detergent consumption compared to standard WCs.

# Savuto

Winding its way through the Savuto valley, the Savuto river is one of many waterways that runs through Southern Italy. After flowing 48 kilometres from its source in La Sila, the Savuto empties into the Tyrrhenian Sea at the Gulf of Saint Euphemia. The Savuto range takes inspiration from the grace and beauty of this landscape, combining square, rimless design with modern functionality that complements any bathroom.

The Savuto back to wall pan is a masterpiece of design and function, the rimless pan makes for easier cleaning, reduces detergent consumption and only needs 4 litres of water for a full flush. Installed in conjunction with a concealed cistern from our Rocco2 collection, the back to wall pan can sit against a wall – with the cistern hidden on the other side of the wall where space allows – or against a piece of furniture, with the cistern concealed inside. The Savuto back to wall pan is designed to be used with the soft close seat from the same collection.

# Splendore

Our Splendore collection consists of high quality illuminated mirrors that make it a pleasure to reflect on your surroundings.

At the heart of each Splendore mirror is a sheet of high quality glass designed to deliver crystal clear reflections without distortion or defects. Integrated slimline LED lighting strips round the edge of the mirror throw light onto the face to improve the reflective performance, assisting with intricate shaving or make-up routines. Conventional mirrors can suffer from fogging of the glass, the Splendore collection offers a technological solution to this age old problem.

All models feature a heat pad situated behind the glass that helps guard against the formation of condensation – a modern-day remedy that helps maintain the mirror's high performance under all kinds of conditions.

Three Easy Steps:

1

CHOOSE YOUR TOWEL RAIL SIZE & COLOUR

See page 157 for shape and finish.

Check our website for further technical information

2

CHOOSE YOUR DUAL FUEL FOR A WALL OR FLOOR CONNECTION

A dual fuel towel rail is plumbed into your central heating system and features an electric heating element (purchased separately).

A dual fuel towel rail can be heated by the main heating system in the house, or when the heating system is not in operation it can be isolated and heated by the element. This gives you the luxury of heated towels all year round without having to use the heating system in summer periods.

Idro

What makes the perfect shower experience? For some, it's the gentle sound of running water – a sound that can ease away the day's stresses and strains. For others it's the chance to retreat into a closed world of relaxation and comfort. And for most, the sense of washing away worries and emerging refreshed is definitely something to be savoured.

- / 8mm glass with Brillo Vetro protection
- / 1950mm in height
- / Range of sizes
- / Solid brass clamp included
- / Anodized coating – matt black or brushed brass
- / Can be fitted to the floor or a shower tray

See inside cover for product features key

Whatever your personal take on what makes a great shower, our Idro collection of high-quality shower glass is sure to complement the experience. Offering crystal clear protection along with impressive good looks, this is a collection of 8mm-toughened glass panels that benefit from our Brillo Vetro water repellent coating – a helping hand when it comes to keeping your shower gleaming.

With the kind of effortless elegance you might expect from a collection named after northern Italy's beautiful Lake Idro – located high in the Lombardy region, it nestles in the shadow of the Alps – the Idro panels are a sleek addition to any contemporary bathroom. Available with anodized matt black or brushed brass detailing, they can be fitted to the floor or a shower tray and are wet room compatible – and come with a reassuring five-year guarantee.

Rectangular Shower Trays | FINEZZA

/ White Marble

/ Pair with the Idro Brushed Brass

Perhaps it's no surprise that the Finezza trays are such a graceful solution for a variety of contemporary shower styles. After all, their name is the Italian word for 'finesse', and they live up to this billing with their exquisite natural stone-effect finish along with a on a non-porous surface with a high quality, robust resin and mineral core.

Finezza shower trays are available in a wide range of sizes to suit bathrooms both large and small, and as the tray edges can be trimmed by up to 100 millimetres, you can be sure of a precise fit wherever they're installed.

Every detail exudes quality, with the high-capacity waste whisking water away at a rate of up to 34 litres per minute, and a colour-matched grate adding a thoughtful finishing touch. And of course, there's a 10-year guarantee too for long-lasting peace of mind.

# Vitolo

Influenced by the contrasting use of robust, hard-wearing materials and the soft, romantic beauty encapsulated by Italian sculpture, Vitolo basins and countertops are exceptionally durable and exquisitely beautiful.

- / Solid surface composite
- / Smooth satin surface
- / Matt white
- / Easy to maintain
- / Basins with three contemporary designs

See inside cover for product features key

Both the basins and countertops are manufactured from solid satin surface composite material, ensuring that they are robust and hardwearing while also looking exceptionally beautiful to the eye. The matt white finish complements almost any contemporary bathroom style, enabling the Vitolo products to work in a wide range of contexts from cool minimalism to more sumptuous interior designs.

The countertop features a similarly smooth satin surface and is available in size options to fit furniture of 600mm, 800mm and 1,200mm. All Vitolo countertops also benefit from that reassuring five-year guarantee.

Freestanding Slipper Bath | OTELLO

Otello's namesake is derived from Verdi's highly anticipated, Shakespeare-inspired opera. His penultimate work is regarded as one of his most powerful and was considered a marriage of music and drama. The Otello collection reflects this in its exquisite design, with an immersive curved backrest that welcomes the bather into a complete state of relaxation.

Drawing inspiration from the monumental opera that brought Verdi to the peak of his dramatic prowess, Otello's whimsical curves make a statement in the bathroom and create an unforgettable focal point that will entice houseguests as well as bathers. Otello is manufactured to stay white and will not discolour over time and comes with a 10-year guarantee for complete peace of mind.

# Cosenza

The bathroom experience is often defined by its functional features, from baths and showers to the washbasin and WC. These items are at the heart of the bathroom's purpose, but that doesn't mean other elements are not equally important in creating a room that's a delight to use every day.

- / Extra deep drawer – unique storage
- / Under unit sensor lighting
- / Glass sides (Bottom drawer)
- / Optional designer legs
- / Available in three colours –  
Natural Oak, Matt White, Matt Cashmere Grey

See inside cover for product features key

The Cosenza collection is a range of elegant bathroom furniture designed to complement the functional fittings while creating a contemporary ambience that's sure to impress. Available in three subtly stylish colours – matt white, matt cashmere grey and natural oak – the Cosenza furniture offers spacious storage for those everyday bathroom bits and pieces while presenting a sleek, contemporary face to the world.

Inspired by the ancient city of Consenza in Italy's southern Calabria region – a cultural centre with an old town that clings to steep hillsides above the Busento and Crati rivers – the furniture features exceptional build quality and beautiful good looks. Plus, the inclusion of sensor-activated lighting located underneath the units adds a functional touch that also enhances the bathroom's atmosphere when visiting after dark.

With units available in 600mm, 800mm and 1,200mm options, bathrooms of all sizes are catered for, while optional designer legs add an extra stylish finish. Additionally a variety of standard basins, countertops and standalone basins are available.
